Avigilon Control Center™ 7 Release Notes

Language Packs

The ACC Language Packs contain the translated Help content for the Avigilon Control Center Client, Server and Virtual Matrix software applications. The Language Pack installer for required languages should run on the same computer that has ACC Server installed.

The ACC Language Packs are divided into the following regions:

Americas

- French
- Spanish

Asia

- Japanese

Middle East

- Arabic

Western Europe

- Dutch
- French
- German
- Italian
- Spanish
