Avigilon Control Center 6 Release Notes

for Integration with AMAG Symmetry v8

Version 6.14.4.6 – Released July 8, 2019

Release Summary

This integration update adds support for connecting AMAG Symmetry version 8 to ACC. It allows live and recorded video to be displayed with analytics bounding boxes and linked to alarms within Symmetry. It also allows for Symmetry events to trigger alarms within ACC.

New Features & Issues Fixed

- Enable HTTPS connections

Supported versions of ACC

- ACC 6 and 7

Supported versions for AMAG Symmetry:

- AMAG Symmetry 8.0, 8.1

Known limitations

- Purged Avigilon Alarms Still Present in the Symmetry Software
