Avigilon™ Control Center Release Notes for Integration with Gallagher Command Centre

Gallagher Command Centre Integration – Released Nov 25, 2022

Release Summary

This is an update to the previous integration to add support for connecting to Gallagher Command Centre version 8.7/8.8. The integrations allows users to:

- view live video from cameras connected to Avigilon Control Center
- control PTZ devices in Gallagher Command Centre
- view recorded video in Gallagher Command Centre
- view classified objects detected by Avigilon self-learning video analytics devices
- view events from the Avigilon Control Center in Gallagher Command Centre
- control Avigilon Control Center alarms from Gallagher Command Centre
- use a license plate number as a credential in Gallagher Command Centre

This release also introduces a new feature that allows users to export video from cameras connected to Avigilon Control Centre in Gallagher Command Centre.
