

Alta Horn Speaker

Deter threats early with a visible speaker

Strengthen your Alta Protect system with the Avigilon Alta Horn Speaker. Go beyond deterrence with live voice warnings and powerful talk-down capabilities to help stop threats in real time. Connect directly to the cloud or integrate seamlessly as an ONVIF-conformant speaker.

Two-way audio deterrence

Engage in real-time communication with live talk-down capabilities to deter threats and take control of security events as they happen.

Quick & easy installation

Designed for fast deployment with minimal wiring and hardware requirements, the Alta Horn Speaker can be up and running in just a few minutes.

Streamlined configuration

Intuitive setup process with user-friendly tools makes it easy to configure the Alta Horn Speaker settings for your unique environment.

Advanced audio capabilities

Detect, classify and respond to sound events with built-in analytics that enhance situational awareness and automation.

Remote control & management

Access, manage and control speaker functions from anywhere via the cloud—perfect for multi-site security operations.

Weather-resistant

Built to withstand tough outdoor conditions, the Alta Horn Speaker is rated for durability in harsh environments, ensuring consistent performance year-round.
