

MOTOROLA SOLUTIONS PLUGIN FOR AUTODESK® REVIT®

SIMPLIFY YOUR SECURITY DESIGN PROCESS

With the Motorola Solutions Revit® Plugin, you will be able to bring your security design to life in Autodesk® Revit® and work collaboratively with your design teams on projects and deliverables. This plugin works for Avigilon Unity, Avigilon Alta Video and Pelco products.

3D VIEW GENERATOR

Generate 3D views from the camera lens perspective with automatic updates of your cameras moving.

CAMERA OPTIONS

Easily configure your imported camera on a single pop up screen to view the live 3D image.

PRODUCT SELECTOR

Import the cameras that meet your specific needs into your project.

OBSTRUCTION DETECTION

Check the camera field of view for any obstructions such as walls, light fixtures or columns.

CAMERA TARGET DISTANCE

Calculate pixels per foot/meter and target distance on any camera.

CAMERA SCHEDULE CREATOR

Design your dynamic security schedule from a large list of parameters or by customizing your own.
